Regarding: Approval of control body

Thank you very much for your mail inquiry of 4th February 2011.

We can inform you that ift Rosenheim GmbH, is approved by VinduesIndustrien as control body by the production of laminated and finger-jointed timber in accordance with the Technical Requirements for the manufacture of windows and external doors, 7th edition, rev. 2 - July 2010, sections 5.3.5 and 5.3.6 (drawn up by VinduesIndustrien, the Association of Danish Window Manufacturers).

Window manufacturers certified in accordance with the Association of Danish Window Manufacturers' Technical Requirements for the manufacture of windows and external doors must be in possession of a certificate issued by the control body, documenting that the products used are produced, checked and tested, and that the external control has been carried out in accordance with the above-mentioned Technical Requirements.

Best regards
